# 057 for the third shutter

## Advantages

For the first time, **Triant** is an **adjustable** solution specifically designed for a third shutter.

## Functionality

**Created for quick assembly** and for companies that dispose of **automatic door-drilling systems**, thanks to the **retainer dowel**.

It ensures **perfect vertical** and side-ways **adjustment of the third shutter**.

## Accessories

Caps are available to cover the body of the **Triant** hinge for a **better appearance**.

Jig are available for manual assembly.
